

DRINKING STRAWS MADE OF REED

A really stable alternative!

When it comes to **sustainable solutions**, i.e. alternatives to the plastic drinking straws that have been removed from the product range due to the German Ordinance on the Prohibition of Single-Use Plastics (EWKVerbotsV), the **renewable raw material reed** is currently very popular.

Natural and **tasteless** reed straws do not require any chemical additives and are suitable for **cold and hot drinks**.

Reed straws are **robust** and **stable**. A **pleasant** and **neutral mouthfeel** is also guaranteed, as well as the certainty that **drinking straws made from reeds do not soften**.

Art.-Nr. 89732
50 Drinking straws
made of reed
Ø 10 mm · \pm 25 cm
□ 10 x 50

Art.-Nr. 89731
100 Drinking straws
made of reed
Ø 7 mm · \pm 20 cm
□ 10 x 100

Art.-Nr. 89730
100 Drinking straws
made of reed
Ø 7 mm · \pm 15 cm
□ 10 x 100

BENEFITS

- ✓ Drinking straws made of renewable raw material
- ✓ pure natural product
- ✓ temperature-resistant up to 80 °C
- ✓ Larger diameter compared to the natural „straws“
- ✓ very stable, can also be used as a stirrer or tamper for cocktails
- ✓ does not soften and is therefore a real alternative to plastic drinking straws

SOUP CUPS „TO GO“ „Ripple Wall“

Art.-Nr. 89331

25 Soup cups, 998 ml
Ø 13,5 cm · ± 10,8 cm
Cardboard „Ripple Wall“

☐ 20 x 25

Art.-Nr. 89330

25 Soup cups, 720 ml
Ø 13,5 cm · ± 7,3 cm
Cardboard „Ripple Wall“

☐ 20 x 25

Art.-Nr. 89332

25 Soup cups, 520 ml
Ø 11 cm · ± 8,4 cm
Cardboard „Ripple Wall“

☐ 20 x 25

Art.-Nr. 89333

25 Soup cups, 380 ml
Ø 11 cm · ± 5,8 cm
Cardboard „Ripple Wall“

☐ 20 x 25

*suitable for microwave
(max. 800 W / 2 min)

*suitable for freezer
(shorttime storage / max. -5 °C)

BENEFITS

- ✓ Soup cups made of renewable raw materials
- ✓ biodegradable
- ✓ usable up to 90 °C
- ✓ suitable for microwave*
- ✓ suitable for freezer*
- ✓ excellent insulating properties thanks to the ribbed surface
- ✓ good grip
- ✓ hot inside, cool outside
- ✓ FSC® certified
- ✓ compostable according to DIN EN 13432

The mark of responsible forestry

7P1043
industrially
compostable

MATCHING LIDS
MADE OF R-PET

EXCELLENT INSULATING PROPERTIES
THANKS TO THE RIBBED SURFACE

MATCHING LIDS:

Art.-Nr. 89334

25 Lids for
Soup cups, R-PET
Ø 13,5 cm · ± 1,2 cm
☐ 20 x 25

Art.-Nr. 89335

25 Lids for
Soup cups, R-PET
Ø 11,1 cm · ± 1,2 cm
☐ 20 x 25

PLATES AND DISHES

made of palm leaves

Art.-Nr. 89249
